

Mississippi

CHP Installations:

From the [EEA website](#) Mississippi has a large list of CHP installations with a capacity of 1,041 MW at 19 sites. The site shows a list of all the sites with the city, organization name, application, fuel and capacity. Other installations can be found using this [searchable database](#). If you know of other CHP installations please submit them using this [user-friendly input form](#).

CHP Market Potential

Market potential for future CHP in Mississippi is estimated at 1,640 MW by Energy and Environmental Analysis. A CHP market review for the southeast can be found [here](#).

Energy Pricing

Energy pricing, for both fuel and electricity, can have significant impacts on the financial viability of CHP. Further discussions of energy pricing in Mississippi is available below and at the [EIA website](#). Check with your local [energy providers](#) for specific pricing in your area.

CHP Partners

No specific study have been identified to ascertain the companies in Mississippi that are engaged in CHP system applications or have CHP system capabilities. Some companies known to have CHP system capabilities are identified in our [Contact database](#).

Financial Incentives for CHP Systems

Financial incentives for CHP systems can be found in two places. The Database of State Incentives for Renewable Energy (DSIRE) is a comprehensive source of information on state, local, utility, and selected federal incentives such as low interest loans, rebates, tax credits, green power programs, and net metering agreements that promote renewable energy. The website for the Mississippi incentives can be found at [DSIRE Website](#).

The EPA also has a [list](#) of funding opportunities for CHP applications.

Utility Contacts

No specific study has been identified to ascertain the participation of utilities within Mississippi that are engaged in CHP system applications. Some utilities known to be engaged in CHP applications are identified in our [Contact database](#). Some direct links to utilities in Mississippi are shown below.
